KnowYourCustomer Meeting #06 – Agenda Review

2

2024-01-09(Tue) 0900-1000 CET

- 1. Review MoM & Actions**
- 2. Review Issues & PRs**
- 3. Next Steps**
- 4. AOB**

->Agenda Agreed

KnowYourCustomer Meeting #06 – 1. Review MoM & Actions

■ MoM 2023-12-19

- [Create MOM-2023-12-19.md by ToshiWakayama-KDDI · Pull Request #33 · camaraproject/KnowYourCustomer \(github.com\)](#)
- **Merged**

KnowYourCustomer Meeting #06 – 1. Review MoM & Actions

■ Review of Actions

Action No.	Description	Responsibility	Due Date

KnowYourCustomer Meeting #06 – 2. Review Issues & PRs

5

■ Issues

- **Issue #18 KYC Match – Compare specifications** [KYC Match - Compare specifications · Issue #18 · camaraproject/KnowYourCustomer \(github.com\)](#)
 - To be closed
- **Issue #21 KYC Match – Match Result Response** <https://github.com/camaraproject/KnowYourCustomer/issues/21>
 - To be closed
- **Issue #22 KYC Match – KYC Match Request / Response attribute suffix** <https://github.com/camaraproject/KnowYourCustomer/issues/22>
 - To be closed
- **Issue #23 KYC Fill-in – Specifications** [KYC Fill-in Specifications · Issue #23 · camaraproject/KnowYourCustomer \(github.com\)](#)
 - To be closed
- **Issue #24 KYC Match – Response Codes** [KYC Match - Response Codes · Issue #24 · camaraproject/KnowYourCustomer \(github.com\)](#)
 - To be closed
- **Issue #26 KYC Match – API Flow** [KYC Match - API Flow · Issue #26 · camaraproject/KnowYourCustomer \(github.com\)](#)
 - To be closed

KnowYourCustomer Meeting #06 – 2. Review Issues & PRs

■ PRs

- **PR #2 Telefonica API Spec initial contribution** [Telefonica API Spec initial contribution by fernandopradocabrillo · Pull Request #2 · camaraproject/KnowYourCustomer \(github.com\)](#)
 - Can be closed
- **PR #15 KDDI_API_KYC-Match_initial_contribution** [KDDI_API_KYC-Match_initial_contribution by ToshiWakayama-KDDI · Pull Request #15 · camaraproject/KnowYourCustomer \(github.com\)](#)
 - Can be closed
- **PR #16 KDDI_API_KYC_Fill-in_initial_contribution** [KDDI_API_KYC_Fill-in_initial_contribution by ToshiWakayama-KDDI · Pull Request #16 · camaraproject/KnowYourCustomer \(github.com\)](#)
 - Can be closed

KnowYourCustomer Meeting #06 – 3. Next Steps

■ Next Steps from January 2024

- ① Initial version published on 2023/12/20 (v0.1.0): Error correction etc.
- ② Next version (v0.2.0): leftover issues, new features, functional enhancement
- ③ Age verification API to start: when?

KnowYourCustomer Meeting #06 – 3. Next Steps

- ① for Initial version published on 2023/12/20 (v0.1.0): Error correction, missing information etc.
--- due ASAP
 - Any final error correction, missing information etc. needed? We have to make the –rc version and make the release branch (v0.1.0) & Changelog.md ASAP.
 - There are some outstanding items, but these can be deferred to the next versions depending on the Commonalities discussion.
 - To confirm Commonalities discussion: 'application/json; charset=utf-8' or 'application/json'
 - To confirm Commonalities discussion: '#/components/headers/x-correlator' needed?

KnowYourCustomer Meeting #06 – 3. Next Steps

- ② for Next version (v0.2.0): leftover issues, new features, functional enhancement
--- to be completed by 2Q 2024?
 1. Match: Scoring
 2. Match: Hash and some additional parameters (e.g. initials)
 3. Match: Normlisation
 4. Match: Second Level Validation?
 5. Match: Name attribute and Address attribute; coexisting of one consolidated attribute and attributes composed of separate parts?
 6. Match: Country/market specific attributes; how to handle in a better way
 - dataType used as a discriminator would be useful to avoid duplication of concerned attributes (Gilles)
 - **polymorphism** should help us to define new specific **schemas inheriting** from this first base and perhaps targeting specific countries's requirements (Gilles)
 7. Match: responses Y, N-NA, N-AV, N-AD are needed? Or the current version is enough, as those responses can be covered by the current true, false, not_available, and Error Response Access Denied?

KnowYourCustomer Meeting #06 – 3. Next Steps

■ (continued)

8. Match / Fill-in: Subscriber/contractor and User concept
9. Match / Fill-in: Gender attribute should be specially treated?
10. Fill-in: in addition to the current 'none in the request body', Phone Number?, 3rdPartyId?, attributes which the 3rdParty wants to receive
11. OpenID Foundation (OIDF) collaboration: requested by OIDF, presentation on their eKYC-IDA planned on January 23rd (hopefully) KnowYourCustomer meeting
 - There is an official liaison between CAMARA and OIDF, and CAMARA is already referring to standards of OIDF.
 - Alignment and collaboration with OIDF may be a proper direction for KYC API family, if applicable.
 - ✓ For information, on 20th December 2023, OIDF made a presentation about their work on the FAPI (Financial-grade API) Security Profile at the CAMARA Identity and Consent Management (ICM) WG meeting, and ICM has decided to introduce the FAPI Security Profile.

KnowYourCustomer Meeting #06 – 3. Next Steps

■ ③ Age verification API to start

- When to start, and when to complete the initial version?

■ Next meeting:

- Next Meeting #07: January 23rd, 0900-1000 CET
- Plan to have the OIDF presentation

■ Actions

- TBD

The creation of a society in which
anyone can make their dreams a reality,
by enhancing the power to connect.

KDDI VISION 2030
